

# Paper Plate Spider Web

Here's what we used:-

- ❖ Coloured Paper plate
- ❖ Hole punch
- ❖ Coloured wool
- ❖ Spider template
- ❖ Googly eye stickers
- ❖ Scissors
- ❖ Glue/tape

How to make our paper plate spider web craft.

- ❖ Use a hole punch to make holes around the edge of the plate.
- ❖ Thread wool through the holes kriss-crossing across the plate, finish through the hole you began with and tie the ends together to form a hanging loop. Cut out your spider template, colour him in or print on coloured card and fix on googly eyes.
- ❖ Glue your spider onto his web and hang him up
