

This pack has been written specifically with Rainbows in mind and the activities are therefore primarily aimed at this age group. You are more than welcome to use this resource with other sections but may wish to amend the activities accordingly.

A picture of the badge is above. Badges are £1 each plus p+p and the order form can be found at the end of the pack or you can email us and send payment by BACS.

We advise that you complete risk assessments for any activities you undertake both inside & outside of your meeting place and remind you that the mandatory adult:child ratios must be in place when leaving your meeting place. And please don't forget to tell your DC you are going away from your usual meeting place!

Where an Activity or Craft or Game ties into the Rainbow programme we have indicated this to help with your programme. We would like to thank Clip Art Panda & Clip Art Library for the use of their free public domain clip art in this resource.

Welcome
To The
Away With The
Fairies
Sleepover

Quick Games

Tinkerbell says..... (like Simon Says)

Fairy, Fairy, Frog....(Like duck, duck goose but they must hop like frogs)

Sleeping Fairies (like Sleeping Lions, put to sleep by grown up fairy with a wand)

Musical Toadstools ... (like musical chairs) We put white round stickers onto mats of red card

Who has got Tinkerbell's Ring?..... sit the Rainbows in a circle.
String a ball of wool around the girls so that they are all holding the circle of wool with both hands. Before joining the two ends of the yarn, slip a costume ring on then join the ends of the yarn. Explain to the girls that fairies are big pranksters and someone has played a trick and is hiding Tinkerbell's ring. Choose a girl to be in the middle of the circle and get her to close her eyes. Now the circle of girls pass the ring around the circle of yarn from hand to hand. When the leader shouts stop the girl who has ring in front of her must cover the ring with her hand. Once the leader is sure the ring is hidden she tells the guesser in the middle to open her eyes. The guesser now has 3 tries at guessing who has the ring. Once the ring is found the girl who was hiding it goes to the middle and the game begins again. Like pass the parcel this game is best played with music!

TINKERBELL GAME.....

Fairies sit in the fairy circle around Tinker Bell who sits in the middle blindfolded with a wand and a bell. A fairy is chosen to creep around the outside of the circle and back to Tinker Bell without being heard, if Tinkerbell thinks she hears something she points her wand in that direction, if she successfully points at the fairy then that fairy is out and she sit down, if the fairy get all the way around and rings the bell the fairy swaps places with Tinker Bell and becomes the next Tinker Bell.

FAIRY FOOTSTEPS.....

One person is the fairy. They stand at the opposite end of the room to the other players. The Fairy must stand with her back to the other players. She shouts a number, where the other players must take that many steps before the fairy turns round and catches them moving. The winner is the person who gets to the fairy first.

FAIRY OBSTACLE RELAY RACE....

Mark out course with masking tape

Crawl through a play tunnel

Walk along a ribbon of masking tape (like a balance beam but on the floor)

Fairy Limbo under pretty ribbon held by adults or young leaders

Throw a fairy bean bag into a hoop circle (we made covers for standard beanbags from fairy fabric found on ebay)

Pink egg & spoon

FIND THE FARIES...

Make a set fairy cards each with a number on 1-6, place the cards around the fairy circle, fairies dance around the circle, when the music stops, they stand on a card. The leader then throws a dice and whoever is standing by that fairy number is out and sits down, repeat the game until you are left with a winner. Cards for this game are below. We laminated ours so we could use them again. We provide small edible prizes (Usually fruit or biscuits) which are given to each girl as she becomes out of the game. We've found it a good way to encourage our girls that its ok to be out in a game.

Faries are very like Rainbows, they love to be kind and helpful and do a good turn every day. This chart is printable and girls who complete this will have done *Clause 1 of The Helper Interest Badge.*

Chore	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

Would You Rather Chatterbox?

Instructions

1. Print and cut around outside of Chatter Box.
2. Fold in half and in half again.
3. Open out, turn over so pictures are face down, and fold corner to the middle
4. Turn over, and repeat so the numbers are folded into the middle
5. Turn over so you can see the pictures
6. Slide your thumb and your finger being 2 of the pictures and press together so that they bend round and touch.
7. Turn over and repeat with the thumb and finger of the other hand for the other two pictures
8. All the pictures should now be at the front with the centres touching.

Fruity Magic Wands were a big hit with our girls. They can be drizzled with melted white chocolate and rainbow sprinkles for an extra magical touch.

We bought iced gems biscuits for the girls, the current "Frozen" ones are very fairy like and our girls loved them.

Fairy biscuits were also greatly appreciated with a drink at snack time.

We used this Fairy cutter and stamp set to make these fabulous fairy biscuits. The recipe we used is [here](#)

You can find the cutter & stamp on [Etsy](#)

Bread sticks first in melted chocolate and then into Rainbow Sprinkled are another easy snack food.

So many lovely fairy foods out there on pintrest, our girls really enjoyed a fairy tea party.

We made home- made peppermint fudge from condensed milk and melted white chocolate and these bags were added to a fairy gift-bag for home time (pink paper gift bags with fairy labels on with the girls names on).

Olivia Fairy Colouring Page

We created some Fairy scenery for photos. The toadstools were made using paper-mache on plastic bowls and then Painted and we used gift paper inner rolls for the stalks. We secured them to the ground with

tent pegs and the fairy sign a leader's ever suffering husband made and we decorated with an artificial flower garland.

The girls were asked to arrive in their fairy dresses but with no wings or wands, we bought plain white wings and wooden star wands on Ali Express and the girls decorated them with stick on sparkly gems, also bought from Ali Express. The girls did a round robin of craft bases, wings, wands, fairy houses and fairies in order to then achieve a Fairy Bubble wand (Pound Land) and some free time just playing with bubbles.

The Fairy houses we bought from Ali Express and then pre-painted a pale pink. The girls then decorated them with stick on sparkly gems and stickers. (Do not use pva glue, it takes ages to dry and is very messy on the sloping roof)

The wands we also prepainted and the girls then decorated with ribbons and more gem stickers.

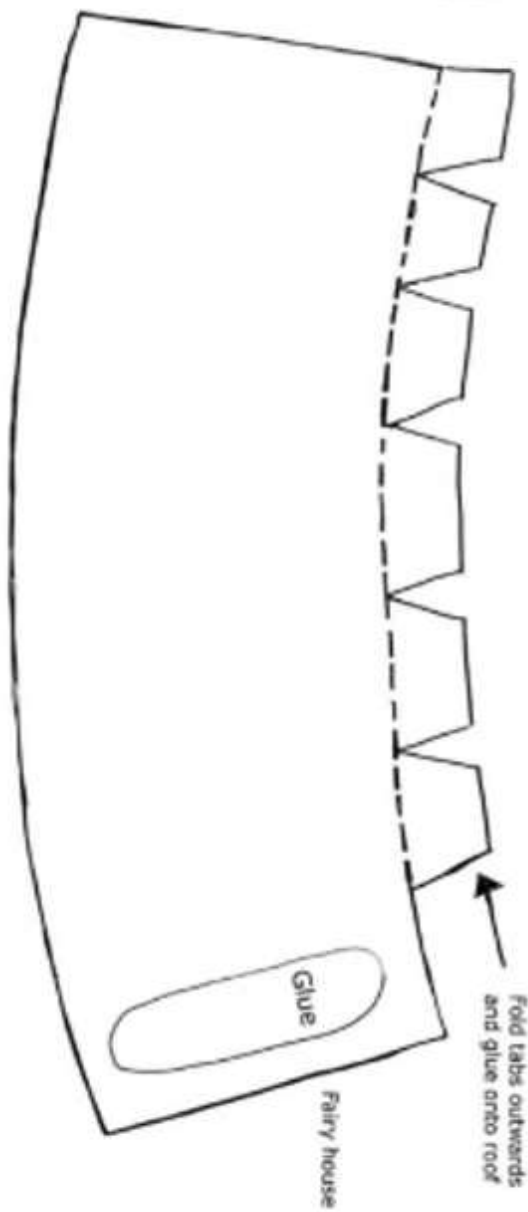

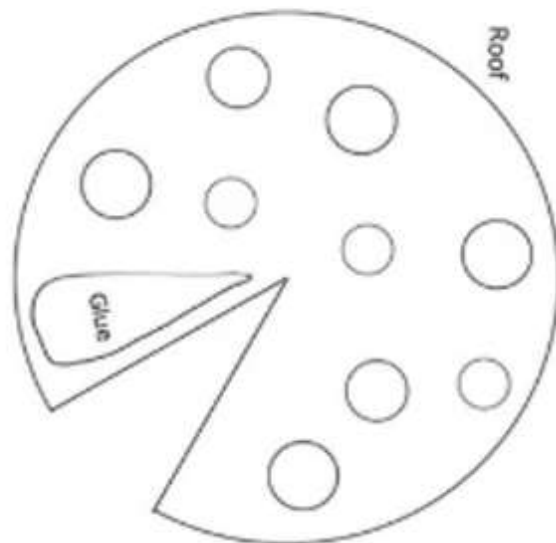

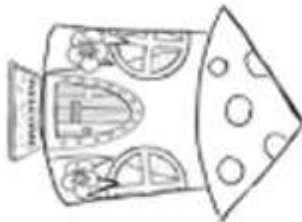

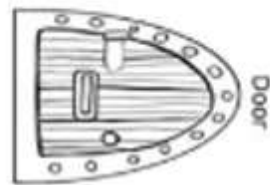

Baker Ross do lots of Fairy Craft Kits, we really liked these suncatchers, we used sharpies to colour them in.

PRINT YOUR OWN FAIRY HOUSES

1. Colour in the shapes
2. Cut out the shapes
3. Fold along the dotted lines
4. Glue the pieces together

FAIRY MAZE

Fairy Bingo 1

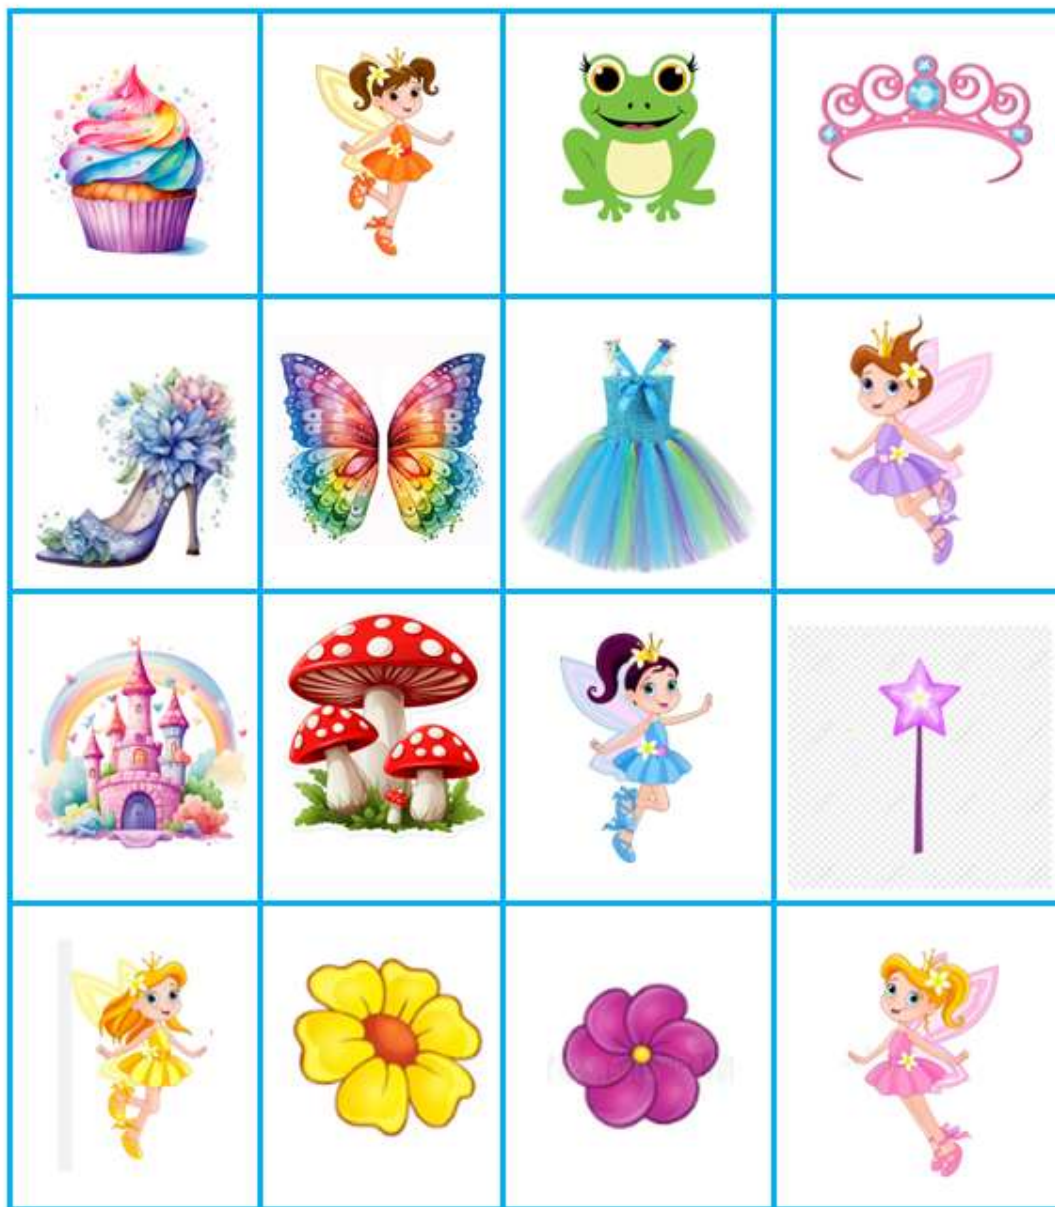

Print all 3 bingo sheets onto card twice. Cut up 1 set into individual cards and use these to call out with instead of numbers. Divide girls into 3 teams. As items are called 1 girl from any team needing that up runs up to collect the card. 1st team to collect all their cards and then shout Bingo are the winners.

Fairy Bingo 2

Fairy Bingo 3

Fairy Spot It

Fairy Spot It consists of 30 cards, each showing 6 symbols. Between any 2 cards there is always 1 – and only 1 - matching symbol.

You will need to print each disc on to card and then we suggest laminating each card so that they can be used again.

To play as a Relay game.

Divide girls into teams. Each team will need a leader at the opposite side of the play area. Give each leader one of the cards.

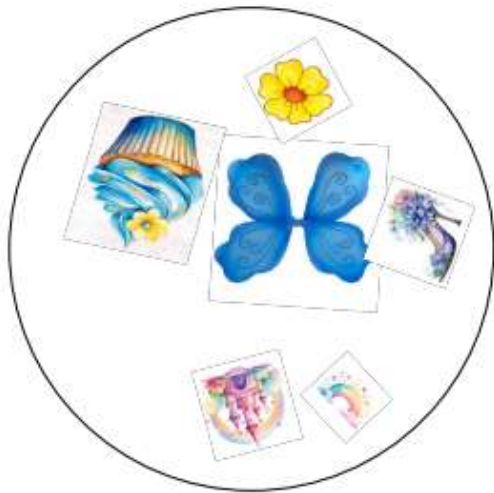

Teams will stand at the other side of the play area and each girl will also have a card. 1st girl runs to the leader and compares her card with the leaders, she has to spot the matching symbol. Once she has, she runs back to her team and the next girl runs up to find her matching symbol. First team with all their cards matched is the winner.

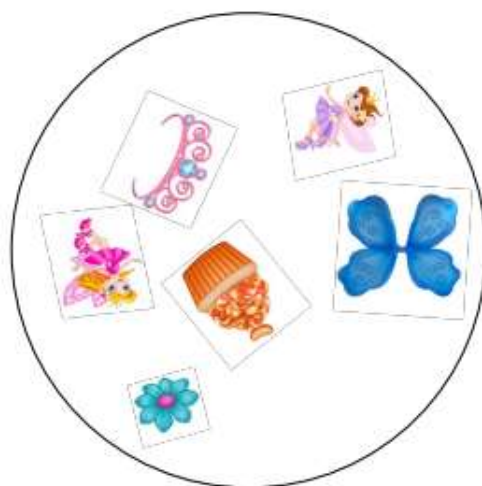

To play as a Tower game (3-6 players)

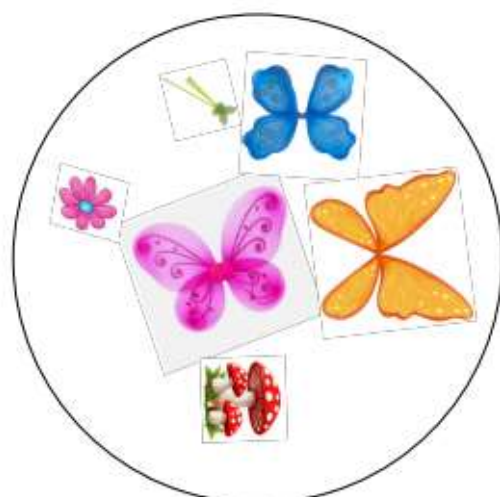

Deal 1 card to each player face down. Place the remaining cards face up in the middle of the table. Object of the game is to collect the most cards. Simultaneously players flip their cards face up and try to spot the 1 symbol that appears on both the centre card and their own card. As soon as a player finds their match, they call it out. Then they take the top centre card and place it face up on top of their card to form a personal pile. Now they use the new top card on their personal pile to find a match with the new centre card. Continue playing until the centre pile runs out of cards.

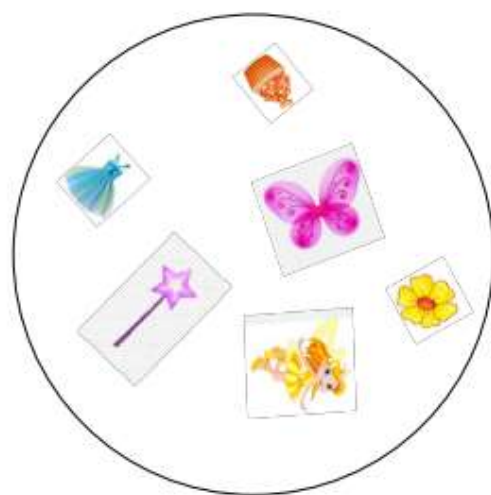

The player with the most cards wins.

Fairy Slime

Pour approximately eight tablespoons of PVA glue into your bowl. Add a few drops of pink food colouring and stir with a spoon until the colour is fully mixed in.

Squirt some shaving foam into your mixture, approximately half the amount of the glue, and mix it in with the spoon. Then add a teaspoon of baking soda and mix it again until it is smooth.

Add one tablespoon of contact lens solution to your mixture and stir. Your mixture should begin to stick together. Continue to add a little more contact lens solution until the slime is no longer sticking to the bowl.

Take the slime out of the bowl and knead and stretch it with your hands until it is no longer sticky.

Put your slime on the table and add some sequins and glitter to it. Mix in by folding the slime, then add some more. Stretch the slime a few times until the sequins are fully mixed into the slime. Slime can be stored in small glass jam-jars to stop it drying out.

Top Tip

If the slime is sticking to your hands add a little more contact lens solution

Innovate Skills Builder Exciting experiments

Fairy Potions

Recipe:

Five Tablespoons of baking soda

One Teaspoon of washing up liquid

A S squirt of food colouring or powder paint

White Vinegar

A Jam Jar

Glitter & sequins

1. In your jar mix $\frac{3}{4}$ of a jar of water with 5 tablespoons of baking powder.
2. Add lots of glitter and sequins.
3. Then add a big squirt of washing up liquid and mix it all together
4. Then take a separate cup and fill each with $\frac{1}{4}$ Cup of white vinegar.
5. Colour the vinegar with the food colouring.
6. When you are ready on a suitable surface (we used a tea tray) pour in your vinegar to the potion jar. What do you think will happen?
7. Watch your Fairy Potion bubble, froth, fizz and sparkle. Your potion will overflow from the jar which is why we used a tea tray to contain the effervescence.

Innovate Skills Builder Exciting experiments

Fairy Relay Race

We purchased two of these Disney Fairy jigsaws on eBay very cheaply and divided our girls into two teams and they took turns running to get the pieces of their jigsaws and worked together to put the pieces in the right order.

Can You Find The 8 Differences?

Fairy Kim's Game

Print and cut out the cards and lay out in front of the girls.

We then got one girl to close her eyes or turn away and removed one card. Can she remember which card is gone?

Take it in turns so that everyone gets a go.

How to Make a Fairy Lantern

Big Thanks to 5 Minute Crafts.com for permitting us to share this Craft activity. Do check out their site for lots of other super Craft ideas

Fairy Sudoku

Fairy Door

These are very popular and there are many different types to be found in all the usual craft stores but we liked this wooden one from The Works best as it stands upright, the door hinges and latches and its only £2!!
We used acrylic paint pens to decorate and some gem stickers

Fairy Bites

Our Rainbows loved these little shortbread biscuits.
You can find our Recipe [here](#)

Edible Fairy Wands Recipe

Perfect for fairies to decorate with icing and fairy dust.

Ingredients:

Makes about 20

- 1 cup of Caster sugar
- 125g butter, melted
- 1 cup of plain flour
- 1 tsp of Vanilla extract
- 1 cup of self raising flour
- 1 egg lightly beaten
- 20 wooden lolly sticks
- assorted sprinkles

Method:

Line two baking trays with baking paper. Place sugar in a large bowl, melt butter and pour over sugar. Stir well and add remaining ingredients. Stir to combine. Lightly flour a surface and roll the dough out to 8-10mm thick. Cut out shapes and use a metal spatula to carefully lift onto prepared trays.

Repeat rolling and cutting and lifting until all the dough is used. Place 5cm apart on tray to allow for spreading. Carefully push a lolly stick into each biscuit.

Bake 15 minutes until golden brown. Remove from oven and cool slightly before removing to a wire rack to cool completely. Make a simple icing with 1 cup of icing sugar and 1-2 teaspoons of water. Spread each wand with icing and decorate with sprinkles, silver balls and edible glitter as desired.

Pink Fizz

Make Pink Fairy Fizz by adding a drop of red food colouring to fizzy lemonade to turn it the palest fairy pink.

Fairy Scavenger Hunt

Can you find all the items?
Tick them off as you go

☐☐☐☐☐☐☐☐☐☐☐☐☐☐☐

Cards to print for your Fairy Hunters to find. We laminated ours so we could use them again.

Away With The Fairies Bunting

Make a Fairy Garden

Take a plastic plant saucer and fill with compost. Use stones or glittery gems to make path-ways, small low growing plants and let your girl's imaginations run wild.

Tiny foil trays from jam tarts make great ponds, and tiny bird boxes can be decorated as fairy houses. Ask at your local garden centre they may even run a session for you.

FAIRY WHO DONE IT ACTIVITY

Print out a set of who, where and what cards on card and cut into individual cards. Select one of each ie 1 of who, 1 of what and 1 of where and keep these to one side. Take the rest and place around the meeting place. Divide your Rainbows into groups of 2 or 3 and give a playing sheet to each group.

Rainbows now hunt the cards but must not move them when they find them. As they find the cards they must cross them off on the playing sheet. The first team back to tell you which 3 cards they cannot find will know who hid what and hid it where and are the winners!!

WHO CARDS

WHAT CARDS

WHERE CARDS

PLAYING SHEET

who	what	where
① 		 In a Fairy Castle
② 		 Under the Rainbow
③ 		 Under a Frog
④ 		 Under a Toadstool
⑤ 		 Behind the Door
⑥ 		 In the Picnic
⑦ 		 In a Fairy Garden
⑧ 		 Under a Tree
⑨ 		 In a Fairy Cottage

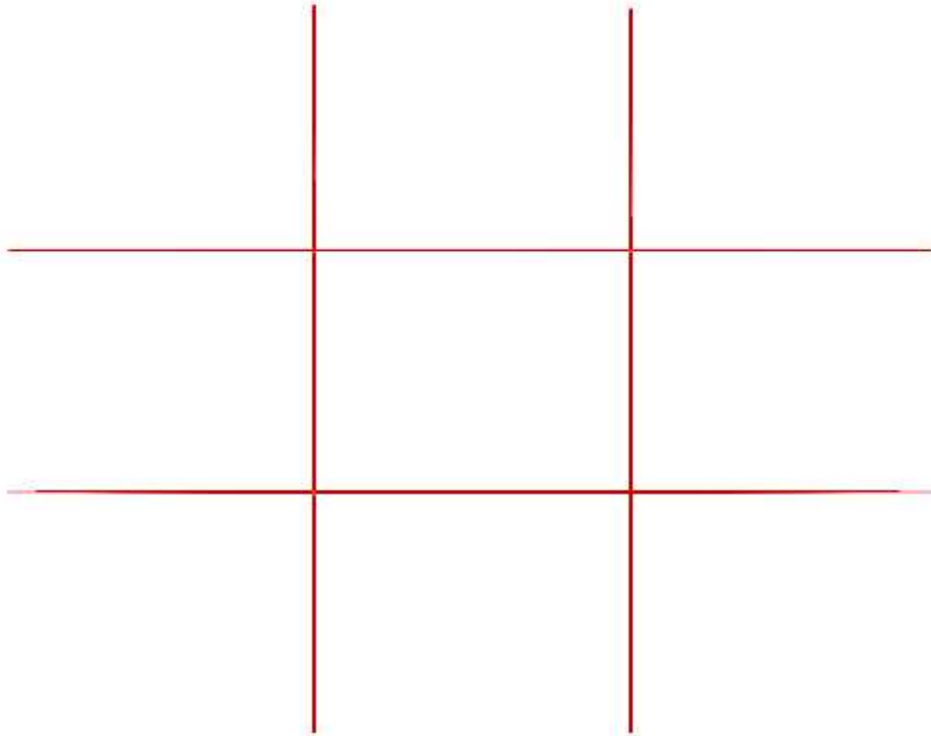

How to make a Fairy.

1. Cut a chenille pipe cleaner in half.
2. Fold one piece in half and feed through the wooden bead head
3. Place the hair (coloured embroidery thread) through the top of the pipe cleaner
4. Pull the pipe cleaner down so the hair tightens up and doesn't fall out.
5. Wrap the other half of the pipe cleaner around the top of the body to make arms, trim to get the right size. Fold the tips of the arms to make hands and ensure no sharp bits
6. Thread the legs through a petal skirt (silk flower), slide up under the arms and twist the legs to keep it in place. We also threaded a tiny bell on to one leg. Add a ribbon bow to front.
7. Fold the tips of the feet in to hide the sharp ends
8. We bought wings on eBay, and glued them on or you could use glitter pipe cleaners, shape them, and twist on around the body before adding the bow to the front.

FAIRY NAUGHTS & CROSSES

NAME MATS

We created these for use on our sleep-over so the girls knew where to put their crafts to dry. We have included this blank one for use with your girls.

Challenge Badge Certificates

We attached our badges with a glue dot over the badge on the certificate

Hello Tigi,

Thanks for contact us to seek approval for your new bespoke badge.
I can offer approval to the bespoke badge created for 1st Blagdon Rainbows. The design would meet our refreshed branding requirements and could be approved in Rainbows branding. I don't need to see an updated design copy.

Kind Regards
Ruth

Hello Girlguiding.

We are looking into having the badge shown here made up. Please may we have your authorisation to do so?

Many thanks
