

Pirate Challenge

Ahoy There Ship Mate's!

This pack has been written specifically with Rainbows in mind and the activities are therefore primarily aimed at this age group

You are more than welcome to use this resource with other sections but may wish to amend the activities accordingly

A picture of the badge is above. Badges are £1 each plus p&p and the order form can be found at the end of the pack

We advise that you complete risk assessments for any activities you undertake both inside & outside of your meeting place and remind you that the mandatory adult:child ratios must be in place when leaving your meeting place. And please don't forget to tell your DC you are going away from your usual meeting place!

Where an Activity or Craft or Game ties into the Rainbow programme we have indicated this to help with your programme planning.

We would like to thank Clip Art Panda & Clip Art Library for the use of their free public domain clip art in this resource.

Pirate Crafts

Print and cut out the bookmark
Fold and glue together and then
make holes with a small hole punch
and thread with black thread and
attach a black thread tassel at the
bottom.

Print the sail on the right,
tape it to a bamboo skewer.
Attach 3 blank wine bottle
corks to each other (we found
glue guns worked best.)
Then attach your sail, sharp
point down into the middle cork.
Can you race your ships? Blow

through paper straws towards the sail to make them move and
see whose ship is the fastest. You could make pipe cleaner
pirates to go on your ship.

Pirate Slime

You will need:

Contact lens solution

Baking Soda

Small Glass Jar

Glitter

Clear PVA Glue

A Spoon

A Bowl

Food colouring of your choice

Small Acrylic Gem Stones

Pour all of the clear PVA into the bowl. Then add 3 drops of your chosen food colouring and mix well with the spoon

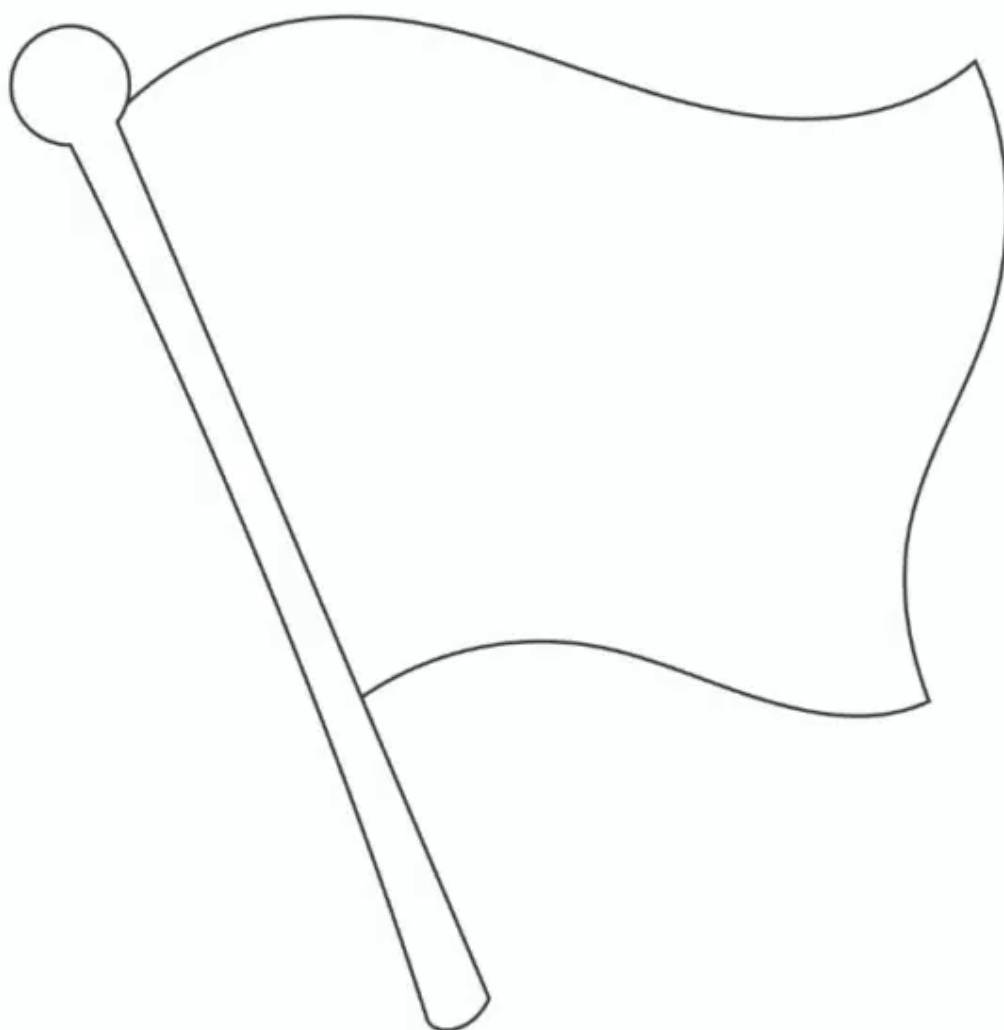

Next take a teaspoon of baking soda and mix this in well. Then add approx. 1 tablespoon of contact lens solution, mix this in, and add a little more. Continue mixing in contact lens solution in very small amounts until the mixture turns to slime and comes away from the bowl. Lay the slime onto a flat surface and sprinkle glitter on to it, knead this in and then add more and knead again. Push some of the acrylic gems into the slime and knead again. Use a sharpie or white deco pen to draw a skull and cross bones on the lid of your glass jar. We used small jam jars that we saved from various cream teas. Place your slime in the jar.

Top Tip

If the slime is sticking to your hands add a little more contact lens solution

Create Your Pirate Flag

Pirate Story Stones

You will need one pebble for each participant. These pebbles are available to buy from either Hobbycraft or Baker Ross. (You could even make your own, just get a pebble mold and plaster of paris). Please do not remove pebbles from the beach. We used acrylic paint pens to draw on various Pirate related items. Smaller details we drew on later with a black sharpie pen. Make sure the paint is really dry before doing this.

To use, ask your girls to select a stone each and then start taking turns to each add your bit of the story that involves whats depicted on your stone.

Pirate

Baker Ross have 7 different Finger Puppets in their free download section here <https://www.bakerross.co.uk/craft-ideas/?s=Pirate+Printables> as well as some fantastic craft kits. We particularly like their Pirate Sun Catcher Wind Chimes. We used sharpies to colour ours.

We also liked these money boxes, they look great painted with acrylic paints but do take a while to dry, so we did ours on our Pirate Sleepover

Pirate Headbands

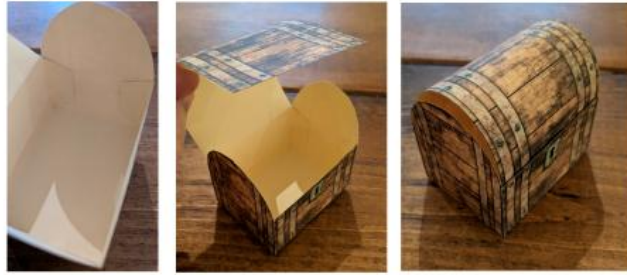

Many thank Sam from Simpleeverydaymom.com for her
kind permission to include these lovely Pirate
Headbands in our Pirate Challenge pack.

Pirate Lolly Holder

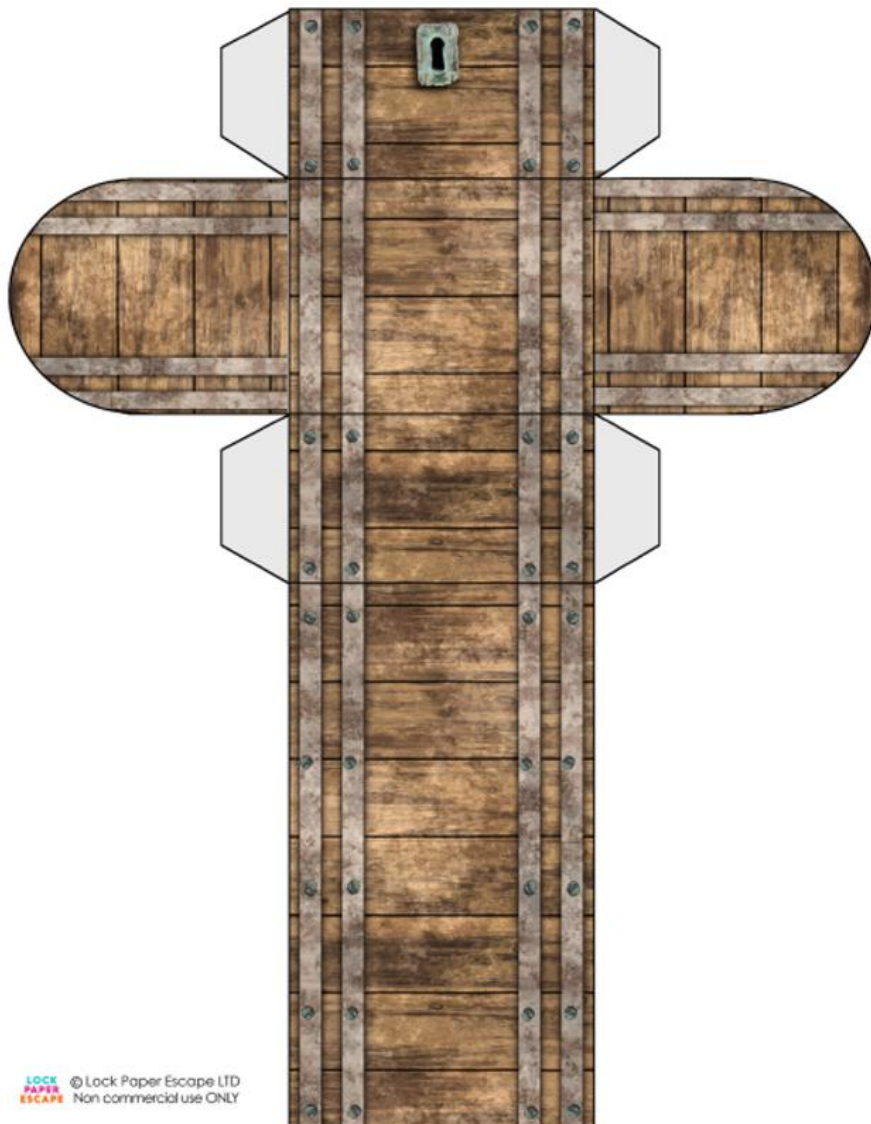

These are easy to make and work really well with the chupa chop lolly pops. Do look on the internet to purchase, much cheaper than the usual shops. We attached ours using a blob of bostik clear glue (pritt stick wasn't strong enough) and then a clothes peg for about 5 minutes while the glue set.

Treasure Chest

1. Cut out and fold the box.
2. Glue the grey tabs on the inside

Pirate Simon Says Game

Flap your Wings like a parrot

Dig for buried treasure

Walk the plank

Climb the rigging

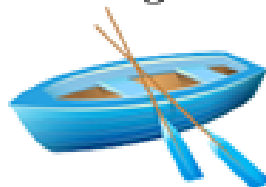

Look for land

Salute the Captain

Row the longboat

Swim to Treasure Island

Spin like the ships wheel

Drop like an anchor

Played just like Simon Says but
with a Pirate theme

Pirate Games

A quick game to get your Pirates Ship Shape and Bristol Fashion into pairs. Print each sheet of images twice onto card or paper and cut out.

Give out the cards and then each girl has to find her partner who has the matching card. It's a great way to get girls mixing and not always partnering their best ship mate.

Pirate Scavenger Hunt

- ☐ Feather
- ☐ Flower
- ☐ Bug
- ☐ Twig or piece of Wood
- ☐ Something Yellow
- ☐ Pretty Rock or Stone
- ☐ Blade of Grass

Pirate Bingo

Pirate Bingo

Pirate Bingo

Print off all the Bingo cards twice. Cut one set up using the blue lines. Give a bingo card to each group of girls. Leader stands an equal distance away from the groups and calls out 1 card at a time. Groups then send one girl from their group to collect card, first girl gets the card. See which group can get all the cards and shout Pirate Bingo first

Pirate Spot It

Pirate Spot It consists of 28 cards, each showing 6 symbols.
Between any 2 cards there is always 1 – and only 1 - matching symbol.

You will need to print each disc on card and then we suggest laminating each card so that they can be used again.

To play as a Relay game.

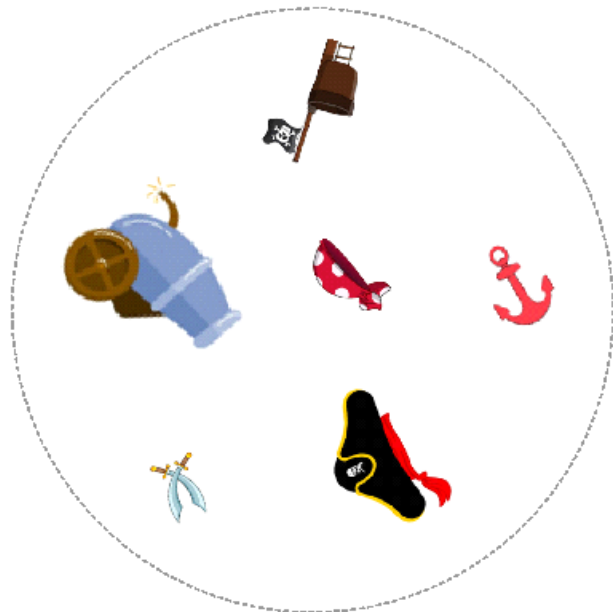

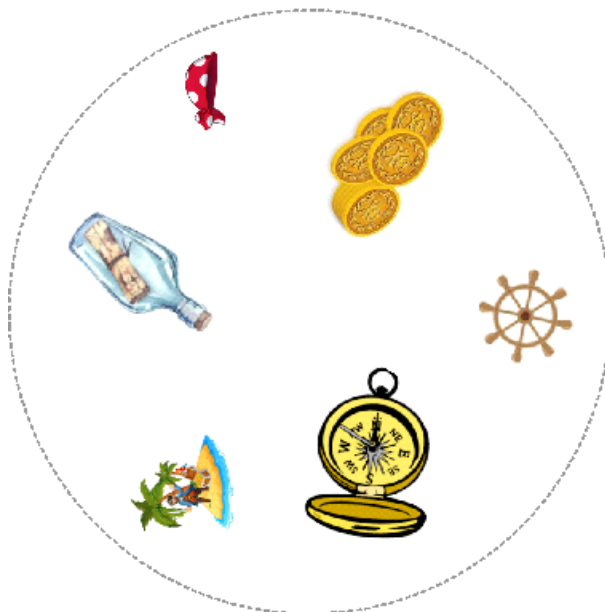

Divide girls into teams. Each team will need a leader at the opposite side of the play area.

Give each leader one of the cards. Teams will stand at the other side of the play area and each girl will also have a card. Girl one runs to the leader and compares her card with the leaders, she has to spot the matching symbol. Once she has she runs back to her team and girl 2 runs up to find her matching symbol. First team with all their cards matched is the winner.

To play as a Tower game (3-6 players)

Deal 1 card to each player face down. Place the remaining cards face up in the middle of the table. Object of the game is to collect the most cards. Simultaneously players flip their cards face up and try to spot the 1 symbol that appears on both the centre card and their own card. As soon as a player finds their match, they call it out. Then they take the top centre card and place it face up on top of their card to form a personal pile. Now they use the new top card on their personal pile to find a match with the new centre card. Continue playing until the centre pile runs out of cards. The player with the most cards wins.

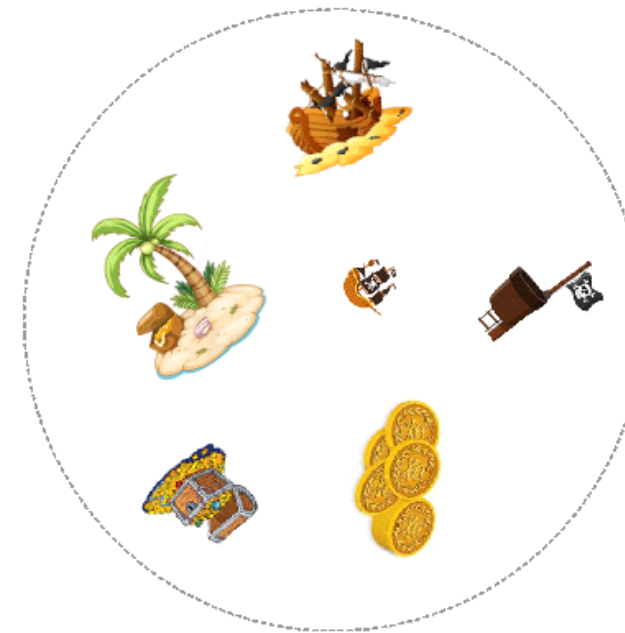

Pirate Relay Game

We purchased two 2nd hand Pirate Jigsaw Puzzles, both identical and used them for a relay game, the girls took turns to collect the pieces and used teamwork to put the pieces together. The ones we found were originally from M&S and even have lift up flaps with very corny Pirate Jokes.

Pirate Who Done It ?

Print out a set of “Who”, “What” and “Where” cards and cut into individual cards. Select one of each ie 1 of “Who”, 1 of “What” and 1 of “Where” and keep these to one side, out of sight of the Rainbows.

Take the rest and hide them around the meeting place. Divide your Rainbows into teams or pairs and give a playing sheet to each group (You will need to print these double sided) Rainbows must now hunt the cards, but must not move them when they find them. As they locate the cards they must cross them off on the playing sheet. Eventually they will be left with one who, one what and one where card that they cannot find. This is who stole what and where they hid it. The first team back to tell you which 3 cards are missing will know who took what and hid it where and are the winners!!

PIRATE WHO DONE IT?

Time for a Treasure Hunt

Now gather round Matey's
I know ye be able
To track down the clue
Hidden under a table

Now me Scallywags
you need to take a good look
In the place where ye
can find a book

Fine work me beauties
That's using ye head
Seek out the next clue
where Olivia goes to bed

Clue 4

**Now round up the crew
And head to the places
Where ye go to wash
Your grubby faces**

Clue 5

**Use all of your senses
to find the next clue
Shiver Me Timbers
Could it be under a shoe?**

Clue 6

**Find the next clue
You know where its at
Talk to Olivia
and look under her hat.**

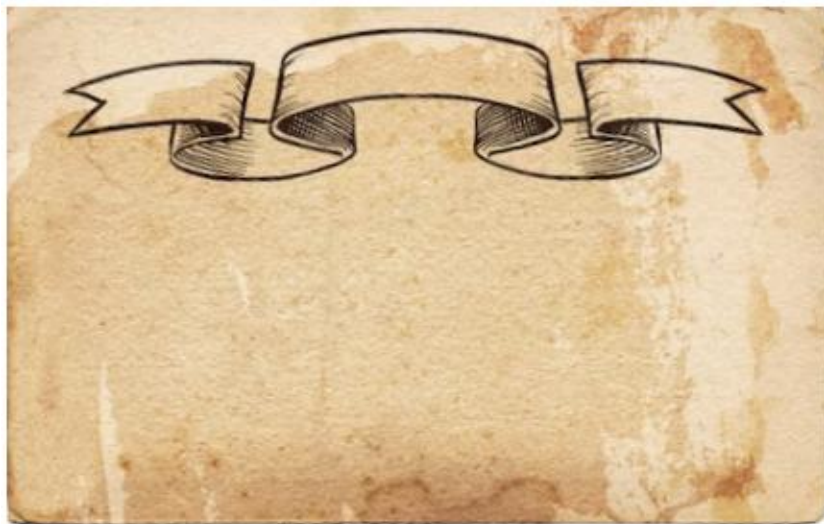

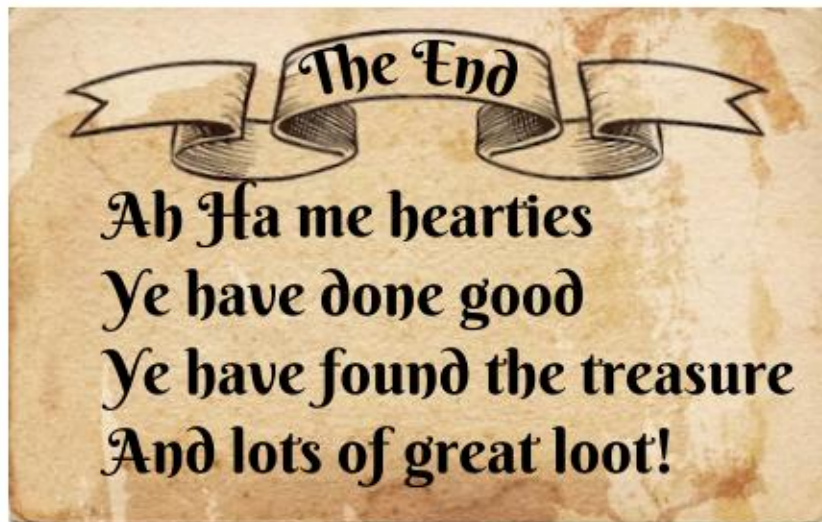

She's a pirate's loyal friend,
But can drive you round the bend.
She will sit on your shoulder,
And shout "Pieces of Eight!"
Who is she?

We're nearly done now
I do not jest
So Jolly Pirates
Can you find Olivia's Chest?

So me young Swashbucklers
We need to find the right shape
One final time now
Look under the drape

We hope you like our clues, but just in case you would prefer to write your own we have included a blank one for you to use, we used font Berkshire Swash which's available on the internet to download for free.

Our treasure was packets of Gold Chocolate Coins. Pretty much available all year around but you can get pirate design ones. If you prefer to buy them cheaply straight after Christmas the next page has some printable stickers you could use to make them more "Piratey"!

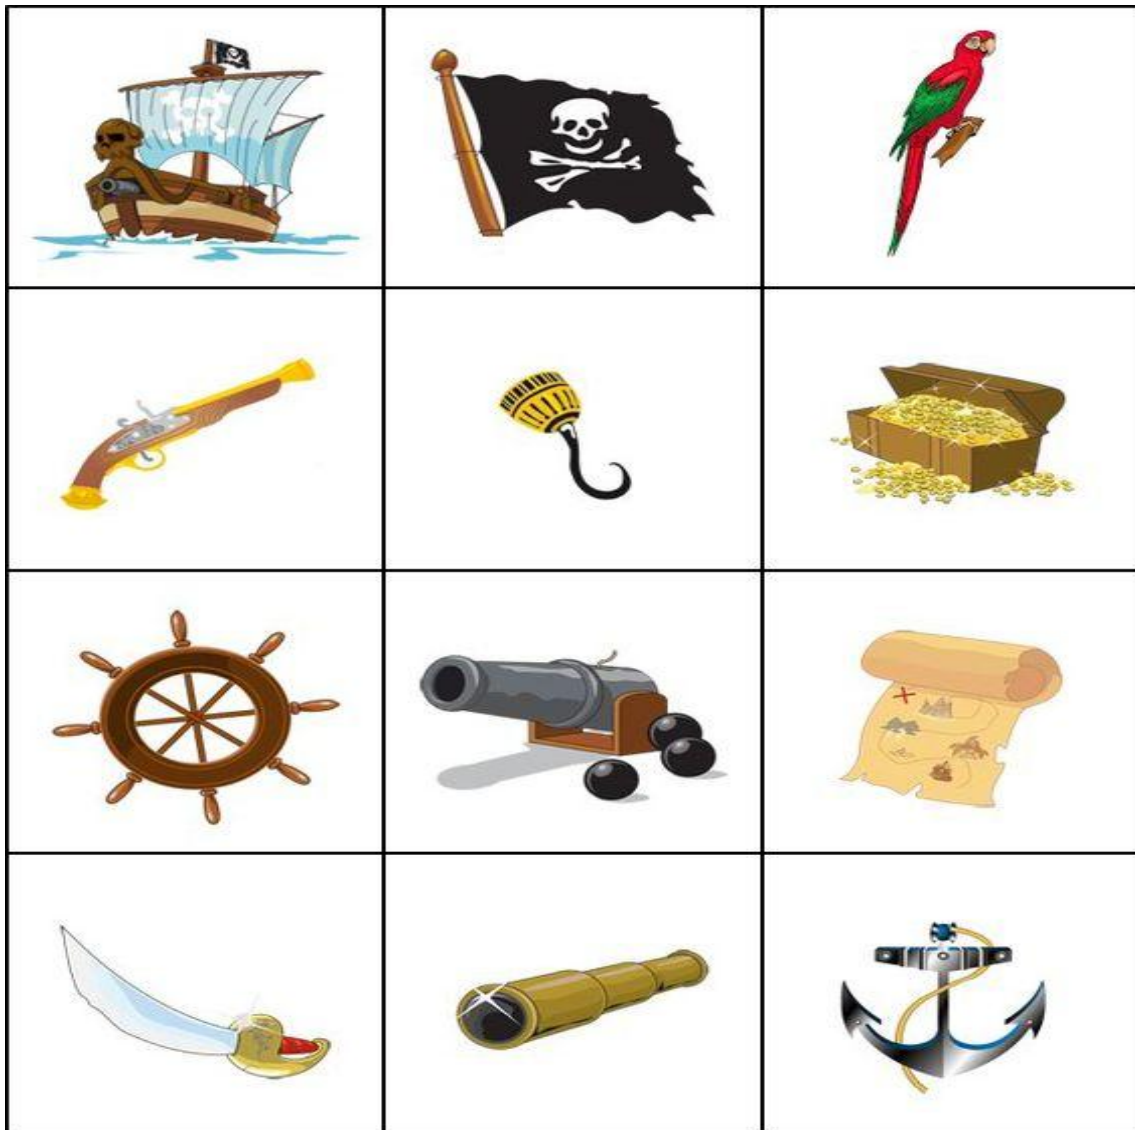

We put our Chocolate Coins in cellophane bags and then used these bag toppers (just fold in half and place either side of the top of the bag and staple into position). We then put them in a wooden treasure chest we got cheaply on Facebook Market Place.

Pirate Kim's Game

Print and cut out the cards and lay out in front of the girls.
We then got one girl to close her eyes or turn away and removed one card. Can she remember which card is gone?
Take it in turns so that everyone gets a go.

Pirate Biscuits

We think these are a big improvement on “Ships Biscuits” from the Pirate era! They can be used as a treat or as an alternative Pirate Treasure.

Print out the wrappers, and use them to recover Club Biscuits.

Pirate Cookies

There are dozens of great cookie cutters available on the net ... this is our favourite, bought on Amazon and our recipe below.

Ingredients

227g unsalted butter, softened

60g icing sugar

250g plain flour

Directions

1. Preheat oven to 350°F Line 2 baking trays with baking paper
2. In a large bowl cream together the butter and icing sugar
3. Add in the flour and mix until just combined. If your dough feels sticky pop it in the fridge for 30 minutes to chill.
4. Dust your rolling pin and work surface with icing sugar and roll out the dough to $\frac{1}{4}$ inch thick.
5. Cut out the cookies, re rolling the scraps as necessary
6. Bake for 10-12 minutes until the edges are gently browned. Let the cookies cool completely before icing.

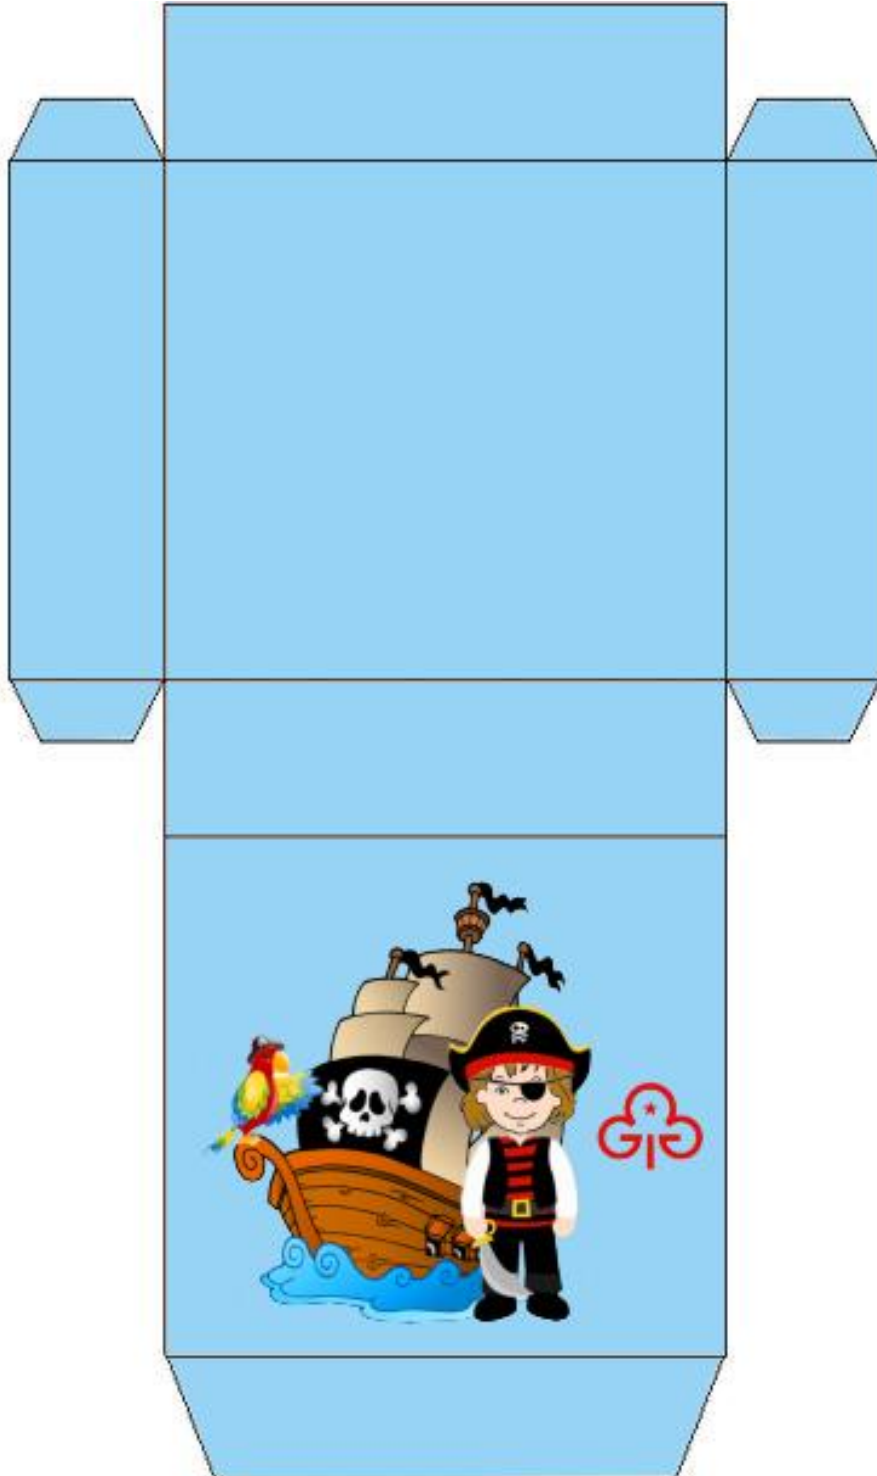

Gold Coin Oreos

Another alternative treasure might be these great Edible Gold Coin Oreo Biscuits. We used PME Gold edible lustre spray and placed Oreos on a baking tray, lined with greaseproof paper and then sprayed as directed on the can. The spray is available on Amazon and you can use either full size Oreo Biscuits or the mini snack ones

Pirate Ship

When I was **one** I banged my drum the day I went to sea,
I jumped aboard the pirate ship and the captain said to me,
 We're going this way, that way,
 Forwards, backwards over the Irish Sea,
A bottle of rum to warm my tum and that's the life for me.

When I was **two** I lost my shoe the day I went to sea,
I jumped aboard the pirate ship and the captain said to me,
 We're going ths way, that way,
 Forwards, backwards over the Irish Sea,
A bottle of rum to warm my tum and that's the life for me.

When I was **three** I banged my knee the day I went to sea,
I jumped aboard the pirate ship and the captain said to me,
 We're going this way, that way,
 Forwards, backwards over the Irish Sea,
A bottle of rum to warm my tum that's the life for me.

When I was **four** I knocked the door the day I went to sea,
I jumped aboard the pirate ship and the captain said to me,
 We're going this way, that way,
 Forwards, backwards over the Irish Sea,
A bottle of rum to warm my tum and that's the life for me.

When I was **five** I learned to dive the day I went to sea,
I jumped aboard the pirate ship and the captain said to me,
 We're going this way, that way,
 Forwards, backwards over the Irish Sea,
A bottle of rum to warm my tum and that's the life for me.

Pirate Crew Song

Sung to the tune of "This Old Man"

Pirate crew, they played 1,

Swashbuckled in the morning sun.

With an eye patch, scrub the deck, looking out to sea,

Pirate crew has room for me.

Pirate crew, they played 2,

Swashbuckled when the parrot flew.

With an eye patch, scrub the deck, looking out to sea,

Pirate crew has room for me.

Pirate crew, they played 3,

Swashbuckled on the stormy sea.

With an eye patch, scrub the deck, looking out to sea,

Pirate crew has room for me.

Pirate crew, they played 4,

Swashbuckled on the captain's door.

With an eye patch, scrub the deck, looking out to sea,

Pirate crew has room for me.

Pirate crew, they played 5,

Swashbuckled to stay alive.

With an eye patch, scrub the deck, looking out to sea,

Pirate crew has room for me

I'm a Pirate

Sung to the tune of Frere Jacques

I'm a pirate, I'm a pirate,

On my ship, on my ship.

Looking for adventure, looking for adventure,

On a trip, on a trip.

Sail the seas, sail the seas,

Hoist the Sails, hoist the sails

Looking for Adventure, looking for adventure.

Where's the treasure, where's the treasure.

On an island, on an island,

Found a map, found a map

Found the spot and dug there, found the spot and dug there,

Treasure chest, treasure chest!

Child Friendly version of Sea Shanty “The Wellerman”

There once was a ship that sailed the seas
A Pirate ship carried on the breeze
The winds blew up
The rain came down
And the thunder made a clap

Soon may the Pirates come
To climb aboard and have some fun
Stamp your feet & beat the drum
And give a mighty roar

The Pirate ship had travelled far
The Captain yelled a might “Arrrrr!”
The winds blew up
The rain came down
And the thunder made a clap

Soon may the Pirates come
To climb aboard and have some fun
Stamp your feet & beat the drum
And give a mighty roar

The Pirate Song

Being a pirate is all fun and games
'Til somebody loses an eye
It hurts like it blazes, it makes you pull faces
But you can't let your mates see you cry

A fancy black patch will cover the hatch
Making sure that the sucker stays dry
Being a pirate is all fun and games
'Til somebody loses an eye

It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts
It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts

Being a pirate is all fun and games
'Til somebody loses an ear (Pardon?)
Blood drips down your neck, it falls on the deck
And somebody says 'Ay, what's this 'ere?'

You can't wear your glasses, you don't pull the lasses
And folks have to shout so you'll hear
Being a pirate is all fun and games
'Til somebody loses an ear

It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts
It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts

Being a pirate is all fun and games
'Til somebody loses a hand
It spurts and it squirts, it jolly well hurts!
Pain only a pirate can stand

The fashionable look is a nice metal hook
But now you can't play in the band (Sorry!)
Being a pirate is all fun and games
'Til somebody loses a hand

It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts
It's all part of being a pirate (a pirate, a
pirate!)
You can't be a pirate with all of your parts

Being a pirate is all fun and games
'Til somebody loses a leg
It hurts like a Dickens, your pace never quickens
Hobblin' around on a peg

Ask your sweetheart to marry, but too long you've tarried
'Cause now you can't kneel down and beg
Being a pirate is all fun and games
'Til somebody loses a leg

It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts
It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts

It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts
It's all part of being a pirate (a pirate, a pirate!)
You can't be a pirate with all of your parts

A Pirate Went to Sea

A Pirate Went to Sea, Sea, Sea
To see what he could see, see, see
But all that he could see, see, see
Was the bottom of the deep blue sea, sea, sea

Far across the sea he went
Far across the sea he went
Far across the sea he went
Until the day was over

The Pirate looked up high, high, high
For Treasure in the deep blue sky, sky, sky
But when he looked up high, high, high
The Sun shone in his eye, eye, eye

Far across the sea he went
Far across the sea he went
Far across the sea he went
Until the day was over

The Pirate looked down low, low, low
For treasure far below, low, low
But when he looked down low, low, low
A great big fish it scared him so

Far across the sea he went
Far across the sea he went
Far across the sea he went
Until the day was over

A Pirate Sailed Over the Ocean

(to the tune of My Bonny Lies over the Ocean)

A Pirate sailed over the ocean
A Pirate sailed over the sea
To look for some treasure for me
Bring back, bring back,
Oh bring back some treasure for me, for me
Bring back, bring back,
Oh bring back some treasure for me,

The Pirate he sailed through the North Wind
The Pirate he sailed through the rain
And though he looked hard for some treasure
I fear he was searching in vain
Bring back, bring back,
Oh bring back some treasure for me, for me
Bring back, bring back,
Oh bring back some treasure for me,

I hope that he finds me some silver
I hope that he find me some gold
I hope that he finds me some rubies
I'll wear them until I get old.
Bring back, bring back,
Oh bring back some treasure for me, for me
Bring back, bring back,
Oh bring back some treasure for me,

Oh blow ye winds over the ocean
Oh blow ye winds over the sea
Oh blow ye winds over the ocean
And bring back some treasure for me
Bring back, bring back,
Oh bring back some treasure for me, for me
Bring back, bring back,
Oh bring back some treasure for me,

Hello Tigi,

Many thanks for your email and for sharing your badge design for 1st Blagdon Rainbows, The Pirate challenge.

For the event name, can the text be updated to display The Pirate challenge (small c for challenge). The size, position and colour of the text can be approved.

Ideally the unit's name would be made slightly bigger. Is this request possible? Either the image can be made slightly smaller or the name can be placed along the bottom arc of the badge? The request to increase the size of the unit name is a request and not a requirement.

If the event name is updated to The Pirate challenge, I can confirm the design meets our refreshed branding requirements. It is OK to produce in Rainbows Branding. As this is a small change, I don't need to see an updated image.

Kind Regards

Ruth
